Semi-detached House in Quintmar in Perfect Condition with Garden

Levantina / Sitges

In the Quintmar neighborhood of Sitges we find this townhouse in perfect condition for sale. The property is located in a community with gardens and swimming pool. The property enjoys plenty of natural light throughout the day due to its south orientation. We access the house from the ground floor. This floor has a very bright living-dining room with direct access to the garden. The outdoor space has a pergola and summer dining room. On the same floor there is a kitchen in very good condition and a guest toilet. On the first floor there is a suite, two double bedrooms and a bathroom that serves the floor. On the second floor there is a large studio with access to a terrace with unobstructed views of the mountain. Finally, on the underground floor there is a cabin parking with a parking space and additional storage space. The Quintmar neighborhood is characterized by being the quietest in all of Sitges with a location very close to the Garraf Natural Park. All this without giving up an optimal connection to the C-32 highway to go to Barcelona and the airport.
